Website Leasing
BY CC&A STRATEGIC MEDIA

Modern Design
Every website built under our lease program is constructed with the latest in design trends, giving your organization a cutting edge look and attractiveness to potential clients.

SEO Integration
The power in your website is in its ability to meet your goals. SEO is the start of that process. Every site built under our lease program is fully optimized for search and will get you moving in this right direction.

24 Hour Service
Each website lease agreement comes with a dedicated web developer to assist you in updating your website. Simply email your developer and get real-time updates and 24 hour turnaround time.

Lease Features

Our leases are an all-inclusive, turnkey package. Your lease includes everything you need to get your website running and updated over its lifetime. This includes:

- ☑ **Dedicated Web Developers**
- ☑ **Website Maintenance**
- ☑ **Unlimited Redesigns**
- ☑ **Website Hosting**
- ☑ **A Full Lifetime Warranty**
- ☑ **Fully Google Compliant**

The Benefits Of Leasing

A lease for equipment and technology carries many benefits. First and foremost, there are no large expenditures of funds for a product, but rather smaller payments over time. Additionally, lease payments are 100% tax deductible each month over the full term of the lease. In a purchase scenario, websites are usually classified as a marketing expense, in which only a percentage of the cost is tax deductible. Included with our leases are supporting services at no additional cost. Hosting, maintenance and a lifetime warranty on the product for the term of the lease are just some of the features included. We implemented this solution because it offers numerous financial and practical benefits to our clients, and it helps foster long term business relationships.
